

**Improve Safeguarding Arrangements:**

As a matter of urgency, improve safeguarding arrangements so that they are effective by ensuring that:

- governors understand their statutory duty to keep pupils safe in school and have the skills and knowledge to hold the school's leaders to account;
- the designated senior leader is sufficiently knowledgeable and trained so as to fulfil the role effectively;
- all non-teaching staff receive current and appropriate statutory safeguarding training so that they know precisely what to do and who to speak to about concerns that arise in relation to pupils' safety;
- all adults working with pupils adopt an attitude of 'it could happen here'; and
- there is a very clear, documented process put in place to ensure that bullying incidents are taken seriously, recorded and followed up.

**Safeguarding Training:**

**Aim:**  
Through a comprehensive, ongoing training programme ensure that:

- governors understand their statutory duty to keep pupils safe;
- designated school leaders can fulfill their role effectively; and
- school staff know precisely what to do, and who to speak to, about concerns raised in relation to pupils safety.

**Success Criteria:**  
A clear understanding across all stakeholder groups of their responsibility for keeping children safe, coupled with the knowledge and skills to action/provide appropriate levels of support.

Teaching and Learning – more able learners autumn term academic year 2017/18 (see Action Plan below)

# St. John's C E Primary School

## Activity Plan: Autumn Term 2017

### Ofsted Action Point:

Ensure that all teachers have high expectations of what the most able pupils can achieve and give them more challenging activities so that they make rapid progress.

**Aim**  
 Establish a base line of teaching competencies and ascertain what learning strategies/opportunities are made available for the children.  
 Provide input on the differences between learning and teaching and the need for a wide range of differentiated opportunities that cover the curricular subject requirements in order for children to work at and at greater depth.  
 Facilitated Themes to explore: Challenge and Engagement; Differentiation; Questioning (use of Bloom's Taxonomy); and High Expectations.

**Success Criteria**  
 A thorough understanding of teaching competencies (areas of strengths and weaknesses / consistency / inconsistency in teaching across the school).  
 Impact in classroom and the provision for children following facilitated aspects of teaching pedagogy.  
 Provision for the more able visible within the classroom and effectively contributing to the rapid progress of children's learning.
