Work through the colour groups one set at a time until the words can be read and written correctly and confidently.

- **Reading** Practise reading each word in the set **together** a few times– don't try to sound them out. Then let your child read from top to bottom supporting if needed. Repeat from bottom to top then mixed in any order.
- **Writing** Ask your child to copy a word 3 times then see if they can write it without looking, you may want to limit this to one or two words at a time. Test your child when each set is completed

Practise reading, writing or both for a short time throughout the week, every minute makes a difference!

Good Luck! 😊
